## *A fun retro van evoking happy summer memories*

### BRIGHT AND COLOURFUL MATERIAL

The Camper Van is a bright retro van covered with flowers, built in durable self-coloured fibreglass and an attractive gel coat finish.

### PLUG AND PLAY

The Camper Van ride is equipped with the 'Plug & Play' feature which enables the ride to work perfectly when first used or connected.

### THREE SEAT RIDE

This fun ride can seat 3 children at a time allowing friends to play together within the bright, colourful camper van.

### FEATURES

This ride features on board sounds and a fun geography related game shown on a TFT video screen that will captivate the attention of our young audience. This ride includes interactive ride motion to give that added element of fun.

### SAFETY STANDARDS

All of the Photo-Me children's rides conform to the relevant safety standards and Photo-Me is a member of the British Amusement Catering Trades Association (BACTA) and the Amusement Devices Inspection Procedure System (ADIPS). Safety is also a major concern during the survey and installation process.

### BENEFITS TO THE SITE OWNER

Installing a Photo-Me Kiddie Ride provides substantial revenue at no additional cost. Our rides encourage parents with young children into retail environments and therefore increase shopper footfall.

Rides can also help reduce the stress of shopping with young children. By creating a child friendly environment, parents are more likely to stay longer at retail as they combine shopping and entertainment.

A ride can also help to increase sales of associated merchandise within the store. This ride will be a colourful addition to any retail environment and will keep your customers coming back!
