A modern recycling truck with educational games

# ECO FREDDY

## *A modern recycling truck with educational games*

### THREE SEAT RIDE

This colourful three seater ride enables the customer to sit comfortably and safely within Eco Freddy. This three seat, coin operated children's ride will be a high earning addition to any retail environment.

### PLUG AND PLAY

Eco Freddy is equipped with the 'Plug & Play' feature which enables the ride to work perfectly when first used or connected.

### RECYCLING GAMES

The recycling game is based around recycling and children have to choose the correct bin to recycle different items in. This not only helps children learn about recycling, it also encourages hand/eye co-ordination.

### SOUND EFFECT BUTTONS

Bright coloured sound effect buttons engage the audience and encourage them to interact with the magical ride. This ride encourages children and their friends to have lots of fun recycling and experience exciting adventures playing together.

### SELF COLOURED FIBREGLASS

The ride is manufactured in self coloured fibreglass and an attractive gel coating to give a durable, glossy finish.

### EXCITING FEATURES

This three seater recycling truck is aimed at children aged from 3 years upwards and has an internal 22 inch TFT screen. Eco Freddy can be customised for any entertainment or retail environment.

### BENEFITS TO THE SITE OWNER

Installing a Photo-Me Kiddie Ride provides substantial revenue at no additional cost. Our rides encourage parents with young children into retail environments and therefore increase shopper footfall.

Rides can also help reduce the stress of shopping with young children. By creating a child friendly environment, parents are more likely to stay longer at retail as they combine shopping and entertainment.

A ride can also help to increase sales of associated merchandise within the store. This ride will be a colourful addition to any retail environment and will keep your customers coming back!

### About Jolly Roger

Jolly Roger (Amusement Rides) Limited is the world's leading manufacturer of licensed and premium coin operated kiddie rides. Since 1988, Jolly Roger has built its leadership position and reputation for quality by incorporating innovative design. All of the Photo-Me children's rides conform to the relevant safety standards and Photo-Me is a member of the British Amusement Catering Trades Association (BACTA) and the Amusement Devices Inspection Procedure System (ADIPS).
